

Netiquette | Town of Stanstead

The Town of Stanstead is pleased to welcome you to their Facebook page. The goal of this communication tool is to share public information, concerning the town or their partners, in a quick and direct manner to their citizens.

More specifically, this Facebook page is a corporate communication tool belonging to the Town of Stanstead as a public administration. Its content belongs to the municipality and is administrated by its employees.

Inversely, the Town of Stanstead Facebook page **is not** an open space for everyone to share their public opinion, a political media, or an open forum where anyone can file a complaint. Though we appreciate exchanging and discussing with citizens, our Facebook page is not the proper channel to do so. We invite all citizens who wish to share comments, voice their dissatisfaction or complaints, to contact us directly by telephone or email.

Consequently, written comments on our Facebook publications will be individually reviewed prior to their publication. Hence, we reserve our right to mask any messages that are judged to be:

- Defamatory, discriminatory, hateful, racist, xenophobic, sexist, homophobic or pornographic;
- Insulting, threatening, hurtful or fraudulent;
- Containing confidential or personal information;
- Of promotional nature, whether for products, services or activities offered to the general public, unless one has obtained prior consent from the town's administration;
- Political opinions, whether formulated as open criticism, petition or partisan messages;
- Incomprehensible, incoherent or irrelevant;
- Written all in capital letters;
- Reposted multiple times;
- Comments or criticism directly aimed at Town employees, elected officials or a volunteer working for the town.
